

A Divine Game (not scripted by God)

Many years ago,
in decent times
before the War,
Sarah & Daniel
were playing
hide-and-seek.

They got so involved
that Daniel lost his Teddy
and Sarah - her doll.

Two years after the game,
the toys
were all that remained.

Their parent's corpses
were dolls
in big tanks
of hands & legs,
corpuses and heads,
buckets of golden teeth
and pillows
of hair.
